Welcome to the Autumn Newsletter...

And to my very first one!

By the time you receive this I will be the newly installed 'boss' here at *Spin A Yarn*.

Last year Joyce made the big decision to retire which meant she would have to sell the business that she had built from the ground up, to an award-winning shop.

This understandably meant a period of uncertainty for staff and customers alike as the search began for a new owner.

Meanwhile I was having the same conversation with myself 'what shall I do next?' When a friend told me that *Spin A*

Yarn was on the market I knew I had to take a look.

My first visit to the shop was on a dull Tuesday afternoon in November and I left with the feeling that I had answered my question, I knew what I wanted to do next. There was one obstacle, the Husband!

Fast forward five months, terms are agreed, I'm buying a shop. How do I feel? Excitement and fear in equal measures.

During June I have been in the shop finding my feet. Any doubts I may have had have been assuaged by the fantastic team here at *Spin A Yarn* and the lovely customers I have met so far. Thank you all for making me feel so welcome.

I know you are all keen to ascertain what the change at the helm may mean for you and I refer to the old adage 'if it ain't broke don't fix it'.

The things that make *Spin A Yarn* the award-winning shop it has become will remain unchanged, the outstanding customer service you receive, the customer loyalty scheme, the workshops and their expert teachers, and the lovely and unique yarns we stock.

Rowan's new Magazine 64 will be arriving this autumn and is packed with gorgeous patterns from all your favourite Rowan designers as ever. I was particularly taken with a collection of patterns in rich ruby red and other jewel tones – such as this cabled wrap by Martin Storey.

Kaffe Fassett fans will also be thrilled to hear that Rowan are launching a range of colours designed by him in their Felted Tweed range. These new shades add some beautiful eye-catching tones to the current range and will be perfect for including in your colourwork projects.

The future? Who knows what the future holds but any change that does come will be positive, to ensure the longevity of *Spin A Yarn* and to preserve the legacy left to us by Joyce. Stay tuned!

I'm sure you would all like to join me in wishing Joyce a long, happy and healthy retirement.

I look forward to welcoming you all into the shop in the coming months.

Best Wishes

Trish, Lizzie, Ali, Jane, Patsy, Di, Gill, Esther and Terri

This workshop is suitable for beginners, as well as knitters who have tried modular knitting before.

Modular knitting (aka mitred squares or domino knitting) is a great patchwork technique, and easy to learn. Shapes are joined together as you knit so no seams to sew and stunning colour effects can be created. You will progress from a basic square to shells, strips, triangles, hexagons and more. Experiment with colour, join the shapes together to construct accessories and garments.

Topics include: knitting the shapes, joining techniques, designing with modular knitting. You will need: plenty of yarn in different thicknesses with suitable needles. You can also bring along any modular pattern that you would like to try.

We were delighted to see one of her patterns featured on the front of US Vogue Knitting Magazine!

CONTINENTAL KNITTING - INCLUDING NORWEGIAN PURL

The continental way of knitting is faster and more efficient than most English styles. You will learn how to carry your yarn in your left hand and knit continental style, as well as the continental long-tail cast on and the Norwegian purl.

For the Norwegian purl the yarn stays at the back of the work which makes it much quicker than the standard continental purl when working combined knit/purl stitch patterns such as ribs or moss stitch.

All materials supplied.

Skill level: Suitable for all knitters, apart from complete beginners.

Dates: Tuesday, 9th October 2018

Time: 10.00am – 4.00pm

FAIR ISLE AND STEEKING

Have you fallen in love with all the Scandinavian-style colourwork jumpers and cardis around at the moment? This workshop will teach you the skills you need to make your very own collection.

Fair Isle knitting is the art of using several different colours of yarn at the same time to knit patterns and even small pictures into your knitting.

Steeking is a shortcut used to knit garments such as sweaters in the round without interruptions for openings or sleeves until the end. The steek itself is a bridge of extra stitches, in which the cut is made. The technique was developed in Scandinavia and the Shetland islands and is especially useful for making Fair Isle sweaters.

Learn how to work with two colours at a time, how to strand the yarn, how to knit in the round and how to read a fair isle chart.

In the afternoon, you'll learn how to re-enforce the 'steek', how to cut the fabric and pick up for edgings.

Skill level: Suitable for competent, intermediate knitters.

Date: Wed, 21st November 2018

Time: 10.00am – 4.00pm

Price: £59.00

ALISON CROWTHER SMITH WORKSHOPS

KNIT A BRIOCHE COWL IN THE ROUND

Learn to knit Brioche in the round at this exciting workshop from Alison. Brioche is HUGE now and this course has 'Anglicised' all the terms for you so it fully UK-friendly! Brioche in the round is a great technique to have – easier, faster and much more memorable than flat-knitted Brioche, and Alison will teach you this on a single circular needle for even faster Brioche knitting. By choosing yarns with great colour contrast, you achieve a chic and reversible ribbed effect. This cowl is a real head-turner.

Three cowls have been designed for the workshop, in chunky and aran yarns. Brioche creates a beautiful totally reversible fabric that is warm, light and incredibly stylish. It looks hard – but this course will show you how easy this is. The cowls also make fast and economical Christmas

gifts. Once you have learned this skill, you can also use it for other projects such as hats and mitts! Everyone will receive both patterns, from which you can choose one to start on the day.

Skill level: This course is not suitable for beginners and you will need to have some experience of knitting in the round. On the day you will learn how to set up your Brioche stitch and how to work the pattern using Brioche stitch. The yarns you choose must have enough colour contrast to make the Brioche stitch work effectively, for example light and dark blue.

Details of yarn and needle requirements will be sent out to you with your booking confirmation. The yarns you choose must have enough colour contrast to make the Brioche stitch work effectively, for example light and dark blue.

Date: Thurs, 13th September 2018

Time: 10.00 – 4.00pm

Price: £59.00

(includes lunch and tea-time treats)

KNIT A SLIP-STITCH COLOURWORK HAT

NEW!

Learn to knit this colourful hat, using a simple slip-stitch pattern. This is a great introduction to slip-stitch colourwork. The hat is knitted in the round and you can knit this Magic Loop (will be taught) or on a shorter circular needle (DPNs will be needed for the last part of the hat if you opt to use just one short circular needle). The hat comes in 2 size options for a woman or a man. Quick to knit and using only 2 x 50g balls of aran wool, this is an economical gift knit too. Start now for Christmas!

On the day you will learn to knit Magic Loop (if needed), and be shown the slip-stitch technique.

Skill level: This course is not suitable for beginners but will suit moderately confident knitters who can read a pattern, knit and purl and cast on and off. If you have never knitted in the round, or done colour-work, this is a good class to get started!

Details of yarn and needle requirements will be sent out to you with your booking confirmation.

Date: Thurs, 27th September 2018

Time: 10.00am – 4.00pm

Price: £59.00

(includes lunch and tea-time treats)

KNIT THE BEADED RIPPLE THROW OR SCARF

NEW!

This fast and fairly simple knit is perfect as a striking throw knitted in three shades (or more!) of DK yarn. You can also knit this design as a narrow scarf in two shades of Kidsilk Haze. Both options are beaded but this is also optional. This is relatively easy, straightforward knitting that speeds along. It looks great as a nursery blanket, or in your choice of shades, a sofa throw.

As a scarf, you can opt to knit it almost any yarn if you have the specified needles. Great gifts, perfect in the home or as an accessory to wear, fairly easy and very pretty. The yarns for the Throw need sufficient contrast, for example, light blue, dark blue and white. The Scarf looks good with subtle or high contrasting shades.

Skill level: this workshop is suitable for knitters of all abilities other than absolute beginners.

Details of yarn and needle requirements will be sent out to you with your booking confirmation.

Date: Thursday, 25th October 2018

Time: 10.00am – 4.00pm

WEAVING WITH ASPECTS OF MINDFULNESS WITH JO GOSLING

NEW!

In our modern life we often struggle to find the space to nurture our creative selves. In this workshop you'll be supported in honouring your creative soul!

The process of weaving is meditative and a nurturing space allows us to connect with something deeper - our authentic selves. To sit with a quiet mind before a warped up loom, allows an organic process to unfold. Using this approach, Jo will teach plain and textural weaving on small frame looms (these can be purchased for £12.00, if desired).

Jo is a tapestry weaver and finds that weaving and mindfulness are a perfect fit: much of her weaving work depicts the healing effects of Mindfulness and self-compassion, as understood through neuroscience. Earlier this year, she worked for 3 weeks in Peru with master weaver Maximo Laura.

She worked as a Clinical Psychologist and is a trained Mindfulness Teacher (listed with UK Network for Mindfulness-Based Teachers) and now spends most of her time creating fibre art which you can view at www.jogoslingfibreart.com.

Please bring yarns of any types from your own stash and/or yarns purchased from the shop.
